ATTLEBORO HIGH SCHOOL 1994

DEDICATION

We, the class of 1994 would like to send our sincere thank you's to two individuals that not only acted as our advisors, but more importantly as our friends. Mrs. Moriarty and Mrs. Baker were always there for us, a step ahead, paving a path for us to follow. With their overwhelming amount of enthusiasm and dedication they participated in making each event a memorable success.

From selling fundraiser candy, to planning our proms, and other events, we take this opportunity to thank you. We thank you for every little step you took to make our years here at A.H.S. so unforgettable. Without you we don't feel it would have been possible to be where we are today. You drove us to be the winners we are.

WRITE STUFF

Editors: Garietta Falls, Kim Hebert, Erin Murphy, Brandon Towl

This past year has turned out to be a very exciting, not to mention exceptionally busy time for the staff and contributors of the AHS Literary Magazine, "The Write Stuff." We've published four issues of the magazine this year, and they have included poetry, artwork, stories, polls, and reviews. The staff has worked hard on the magazine this year and I speak for all the editors: Brandon, Allison, Garietta and Erin. When I offer my sincere thanks to our advisor Mrs. Kathy Hebert for all her effort and hours of hard work (and the pizza!). Without her and the cooperation of Graphic Arts and the students who contributed their materials to the magazine, these issues would never have been put together. Keep it up!

This magazine was developed in order to showcase work from all corners of AHS, so get your literary and artistic endeavors published. Show people what Attleboro High is really like. WRITE!

The Attleboro High School newspaper, On Target, got off to a slow start this year, but pulled itself together for the second half of the year. The editors and staff have worked very hard this year to put out a good school newspaper consisting of articles, photographs, and cartoons submitted by the students of A.H.S. Thank you to Mr. Levine, who has supported the paper all year, and also to Ms. Stevens, our advisor, for all of her time and energy.

BOYS' & GIRLS' STATE

We admit that at first the thought of singing songs and wearing beanies wasn't that appealing but after our week at Girls' State, we were sad to sing "The Girl's State Song" for the last time. We spent the week learning about many different aspects of our government — from how to pass a bill to how to properly fold a flag. As members of the House of Representatives, we were able to experience firsthand the process of adding amendments to the Constitution. We attended exciting rallies for our Federal party, The Inauguration ceremony for the 1993 Girls' State Governor, and the Girls' State Revue. We also had a series of guest speakers who talked about the history of our government, and striving to be the best. Citizens of the town of Loalty and the City of Friendship, we found it easy to make friends with the other girls. Though no one ever grew to like the beanies, we were helping each other put on our beanies. Girls' State was an exciting and interesting experience.

Boys' State was a one week sojourn at the Bentley College Campus. 500 juniors came from different parts of the state to initiate a mock government in which a senate, House of Representatives, a governor and two political parties were constituted. Topics such as Parliamentary procedures and National Economics were thoroughly discussed. There were guest speakers there to talk about the American Legion and the Status of the American Government. It was a very educational experience.

"Hi, My name is Ami Tanaka, I'm an exchange student from Japan. When I first came here, I could only understand "yes, no and thank you," because I was so nervous. After I settled in, I started to relax. My vocabulary increased a great deal. American high school and Japanese high schools are very different. Americans are very passionate about everything they do, incorporated with a cooperative spirit. Japanese compete individually. I have to thank many of you for helping me adjust to this high school. I am very glad to have met you all. I'll never forget the good times. Truthfully I like America better than Japan. Thank you very much for giving me this experience."

Love,
Ami Tanaka

"Hi, I'm Naual Kholedy from Germany. I really enjoyed my stay here. The variety of after school activities are great. The first days at school were confusing, but with the help of all the students I got to know everything very quickly. Unfortunately I'm leaving in February. I'm looking forward to seeing everyone back home in Germany, but I like it here too. Being an exchange student is great. I can recommend that to all of you. Lots of thanks to everyone who contributed to making my stay here wonderful."

Love,
Naual Kholedy

"Hello! I'm Cecilia, I'm from Brazil. When I first came to AHS, I found so many things different compared to my country, but these things made AHS special. I will never forget it. It was a whole new world that I was just learning to live in. And to learn, I made many great friends that helped me so much. I just want to say Thank you."

Love,
Cecilia Monteiro

"Hi, Everybody! My name is Sandra Zulic and I'm a foreign exchange student from Poland. I still remember my first day at school when I missed my first period class. I was so confused and I didn't know where to go. But so many people helped me. I'm proud I could be part of the swim team, winter track and the international club. I'll never forget some of the questions like "Do you have hamburgers in Poland?" Sure we do and they're better. I've learned so much about the American way of life. I'll share all my experiences with the folks at home. Thank You for everything, I'll miss you I'll never forget you."

Love,
Sandra Zulic

HOLA! I'm Anna, the exchange student from Spain. The first day of school I was so scared! I didn't know anybody, I couldn't find my classes . . . I was completely lost! But in a little while I made many good friends. I enjoyed being a part of Winter and Spring track and the International Club. My experience here was great, and I want to encourage anyone who wants to be an exchange student. It's an exciting adventure. If you are ever in Spain, come visit me in Barcelona! Thanks to AHS, and my friends, I love you and I will never forget you.

Love,
ANNA

Morjens! I'm Kim Tornwall from Finland. I have had a great year here. I have enjoyed being a part of A.H.S. 93-94 senior class. I loved the competition of football, winter track, and spring track. The holidays were interesting. My stay here was one to remember. I'm very happy to have had the chance to spend this year in A.H.S. and most importantly meet all the people. I will remember you all when I go home.

Kim Tornwall

"Hi, I'm Emily Braekhus, from Sweden. When I came here, everybody was so open and friendly to me, which made it easy for me to feel comfortable here from the very first day. It was very different here from Sweden. I absolutely love it here. A lot of people have said to me this year "Wow, I'd like to go abroad for a year, it seems to be so awesome." It is! Why don't you? Life is too short to go and wait for something good to happen. To be an exchange student you don't have to be rich, brave or extra-smart. I mean . . . look at me, I'm neither of them. I just did it, and here I am. I've had the best time of my life so far, and it's only getting better. I want to thank you all who made this year the best for me."

Love,
Emily Braekhus

"Hi guys, I am an exchange student from Germany. I enjoyed being an exchange student this year so much that I would like to return for my senior year, because the time went by so fast. Your holidays were for me. I never saw so many presents. I'm going to miss you all. I thank you for all your help this year. I had a very nice time."

Love,
Marianne Neumann-Redlin

"I'm Vladimir Tolrunov from the Ukraine. I enjoyed this year in Attleboro. I like this school. When I was coming here I thought of school as a necessary evil and was not going to devote much of my time to it. But the school appeared to be the place where I spent most of my time. I'm glad it happened this way because I really had a great time here. I met many wonderful people, got new friends. I liked the teachers who worked with me, especially Mr. Ferry. I think he was the best teacher I've ever had. I worked on the student council and my experience was great. I liked the activities that were held at school during the year, especially the spirit week and the basketball games. The main thing is the people I met during this year. In the end I want to say thank you all!"

Vladimir

"I'm Fredrick Jean from France. America is like a dream where a lot of people wish to go. This image of a dream is built by those great movies from Hollywood and by those shows on T.V., where any problem can be solved in less than 30 minutes."

"I'm a curious guy, so I came by myself. What have I found? A new language that soon will be mine, a new family; and I'm sad because I will miss them. I found a new culture and a different school. AHS has a great sports system with an interesting group of athletes. Drama Club was great. NICOLAS DESOEUVRE VA OURIR UN SALON. It was not always easy being an exchange student, but I'm glad I did it."

VICA

VICA, like most things of lasting value, came into being out of a need. The basis of the free enterprise system, the worker, was coming under great criticism. Corporate executives and consumers alike lamented the seeming death of quality and pride in craftsmanship. The need to instill a positive work attitude and encourage ethics, initiative and excellence in the younger generation of workers had been tried before, as early as the 1920's. But these early attempts were doomed to failure, as they depended on educators alone and did not involve industry. So it was in 1965 that the Vocational Industrial Club of America was born, destined to bring together fragmented groups from all of America in a new sense of craftsmanship and pride. The key has been involvement, active participation and support from industry.

VICA is now a national organization of individuals involved in coeducational secondary and post-secondary vocational education. It is the only national organization whose purpose is to serve industrial youth. This results in employees who are self-starters, who are dedicated to their trade, who take pride in their work, and who believe in the system. VICA instills these values in students before they have had the opportunity to develop bad work habits. We contribute to their enthusiasm for a job well done.

BAND

The year has flown by, and the music we have accomplished is amazing. With the help of our new band director, Peter Glass, our music program has excelled greatly. The students were overcome with enthusiasm, and pride. The future of our band is a positive one. For us as seniors, there is a sense of pride, where we can say "we made a difference." Best wishes and good luck to the talent who will make the future.

Drama for 1993-94, otherwise known as Dignified Sneaker, saw many new faces as well as old. We put on a play called "Cocktails With Mimi." The musical put on was a musical version of "The Princess and the Pea" called "Once Upon A Mattress." Our director, Micheal LaChance (not pictured) was with us again for his second year. The Dignified Sneaker year can be summed up by saying, don't tell us how to ace!

As captains of the 1993-94 cheerleading squad, we would like to thank our coach, Donna Turner, for her hard work and dedication to our squad. She has worked us to become "the best," and told us to always give 110 percent in everything we do; we're a team and a team works together. If it weren't for Mrs. Turner, we wouldn't be where we are today. We would like to wish her and her husband all the luck in the world. And for the 1994-95 cheerleading squad, remember to always try your hardest and we wish you luck in the upcoming season. We love you —

Go Jared!

The 1993-94 Boys' Soccer Team turned in a emendous performance this season going 9-3- overall and qualifying for the state tourna- ıent as the 13th seed. Although we did lose in ıe preliminary round to semi-finalist power- ouse Marshfield, the team had a good showing nd gained great experience for next year. The eam is very young, graduating only three seni- rs this year, so many good things do lie ahead or the program. Team unity and accomplish- ıent were excellent this year perhaps seen best ı the Leach and Garner Cup victory over arch val North Attleboro for the second straight ear. The final score was 2-0 as the cup re- ıained where it belongs, at AHS. We would ke to give special thanks to assistant coach David Sutherland for his effort and time ded- ated to the program. Even though he will not e returning next year, he will still be in our ıoughts and we will miss him. Special thanks so goes out to the man himself, Peter Pereira. le continues to build the soccer program ırough youth development programs such as: AYS Leagues, club teams, and Attleboro outh Soccer which can only contribute in a ositive way to future high school teams. We ould also like to thank him for starting a amp Manitou tradition. Best of luck in the ıture to you and your teams, and thanks for a eat season, guys!

GIRL'S SWIMMING

After a rough start, due to the team facing our toughest opponents, the girls swim team get off on a roll. During the season, many old friendships became stronger and new ones were built. We all came to understand what the word "team" really means. All of the girls became very supportive of one another. Our coach, Vic Bonneville, worked us all to the best of our abilities. Without him, such a great season wouldn't have been possible.

The team was also supported by our understanding diving team as well during coach Tara Dolan. The seniors would like to thank all the girls for the friendships and we wish you all good luck in the future.

Showing leadership toward our 1990/1994 basketball team, we the captains, are very thankful for everybody that helped bring our senior season to a 12-8 victory and qualified for the state tournament. During our years here, we all have played together as a team and that is what a team is all about. We are also very thankful for Mr. Gilmore to help bring our team as far as we have gone. But we should really thank the team more for just going out on the court and trying their hardest to win every game that we possibly could. BOYS' SWIMMING

The Bombardier mermen capped off another successful season with 6 wins and 3 losses, including our first Southern Conference dual meet championship in over a decade. The highlight of the season had to be defeating Seekonk soundly to regain the crown. To go along with the dual meet title, the guys also swam the relay title.

With only a few newcomers the boys depth from a year ago regained focus this winter and coach B. quickly whipped us in shape. The guys came a long way from freshman year and it's a shame that the seniors time is up, but being seniors, nothing is sweeter than going out on top. Best of luck to the real men next year, and years to come.

CENTRAL ADMINISTRATION

To the Graduates of the Historic Class of 1994:

Congratulations and best wishes to each of you on your successful completion of studies at Attleboro High School. You have the distinct honor or being members of a class which will forever be remembered as the graduating class of Attleboro's tricentennial year. As such, you represent the collective aspirations and hopes of a community which has grown and developed over a three-hundred year period. In many respects, your lives and futures represent that struggle, growth, and enduring sense of optimism and success. But, more than that, you have the distinction of being the class that graduated in the 150th year of the founding of Attleboro High School.

During your four years as underclassmen, you have witnessed many exciting changes. I know in your lives as alumni you will participate in many, many more.

For each of you I wish success and happiness. Success is attaining what you want in life, and happiness is truly wanting what you attain.

To each of you, my best wishes for a life of good health, great accomplishments, and most of all, warm, lasting relationships.

Joseph B. Rappa, Ed. D.

HIGH SCHOOL ADMINISTRATION

Michael Levine,
Principal

TO THE GRADUATING CLASS OF 1994

This school year has been special for all of us: I have transitioned into my new responsibilities as your principal; you have transitioned out of high school and to a new beginning along life's journey.

Although your high school years will contain some of your fondest memories, the challenges, many accomplishments and successes, and, yes, even some failures will provide excitement, fulfillment, and gratification as you shape the rest of your lives. So, I leave you with these thoughts:

No matter where your future leads you, continue to be decent and honorable human beings, seeking solutions rather than confrontations, solving rather than creating problems. Be kind and compassionate; tolerant of differences which separate us; celebrating those things which bring us together. Keep your mind sharp and your body healthy, and if you need a helping hand you will always be welcomed at Attleboro High School.

Good luck to a wonderful group of students, and thank you for embracing me as your principal.

ENGLISH

Katherine Hebert
Department Supervisor

Iona Bonneville

Sheila Rosa

The June 1992 issue of the journal Phi Delta Kappan features a Campbell cartoon with a university president addressing those about to graduate. He says to them, "For many years, you've been preparing to enter uncharted waters — and today you walk the plank." The message is obvious: sink or swim.

The English Department works to insure that you have the skills and attitudes necessary to survive the plunge into the uncharted waters of life after A.H.S.: how to unlock meaning from texts, how to use reference tools, how technology can help make meaning of information, how to work well with peers, how to write thoroughly and honestly in your own voice, how to love words, how to speak with authority, how to develop a passion for and a dedication to your work, how to have fun, how to reflect on your work and see where it shines or where it needs more attention, how to see the world's connectedness, how to use creative expression, how to develop a sense of confidence and esteem in yourself and your verbal abilities.

So when you walk the plank and face the depths, you will do so with assurance, ability, and authority. Sinking is out of the question.

FOREIGN LANGUAGE

Maurice Camire
Department Supervisor

The Foreign Language Department currently has instruction in five languages — French, German, Latin, Portuguese and Spanish. Many of our students take two even three languages here at Attleboro High School. Also, we offer courses to those students who are bilingual and English to students whose first language is other than English. The faculty and students of foreign languages provide the school with a rich blend of cultures.

OFFICE OF GRADUATE OPPORTUNITIES

Edward McCarthy, director

The Office of Graduate Opportunities was created for the purpose of assisting students to formulate plans for life after graduation. Staffed by a college liaison counselor, a financial assistance counselor and a job placement coordinator, the office represents the school system and its students at college and university functions. The office also works with parents of middle school students to help plan the educational and financial future. The Office of Graduate Opportunities is indebted to Mrs. Donna Houle for her assistance in readying college and job applications which best represent Attleboro students as they leave our school system.
